

Highway 427 Expansion

BULLETIN #8

December 2018

Temporary Long-Term Lane Reductions on Zenway Boulevard

Starting on **December 16, 2018** Zenway Boulevard between New Enterprise Way and Rainbow Creek Drive will be temporarily reduced from four lanes to two lanes. Only one lane in each direction will be open to traffic until Fall 2020. Traffic will be shifted to a temporary alignment on the south side of Zenway Boulevard while construction of the overpass starts on the north side. Access to Regional Road 99 (Highway 427 from Highway 7 to Zenway Boulevard) will continue to be open but we recommend planning ahead as delays are anticipated.

The reduction of lanes is necessary to construct the Zenway Boulevard overpass which is part of the Highway 427 Expansion project. Initially, you can expect to see works related to excavation and creating foundational support (pile driving) for the new structure along with the relocation of water and sanitary utilities.

We appreciate your patience and cooperation during this period of construction. Please reduce your speed through construction zones for the safety of all road users and our workers.
